See how Spain's elite academies build players — from the inside. Observe, learn and take it back to your club.

OBSERVING AT THE ACADEMIES OF

REAL SPORTING DE GIJÓN

A programme for coaches and technical staff: watch official academy sessions, attend masterclasses with the clubs' own departments and understand the methodology behind **Atlético de Madrid, Real Sociedad and Real Sporting de Gijón**. Duration and content are tailored to your staff.

What your staff gets

- **Observation of academy training sessions** with teams from different age groups, always accompanied by a club representative who speaks your language.
- **Masterclasses with the club's departments:** methodology, physical preparation, individual development, game analysis, club values, scouting, goalkeeping, psychology and nutrition.
- **High-performance exposure:** training sessions of the academy's top age groups and, depending on the calendar, first-team or second-team sessions.
- **Match viewing:** an academy match and, when dates coincide, a LaLiga or European first-team match.
- **Stadium and museum tour** to see how the club works beyond the pitch.
- **Full logistics:** accommodation, meals, private transport and assistance in your language throughout.
- **Network:** direct contact with academy staff and with coaches from other countries.

Two clubs, one trip. Combine San Sebastián (Real Sociedad) and Madrid (Atlético de Madrid) in a single week: masterclasses and training observation at Zubieta, followed by a Madrid extension with academy and first-team matches.
